To whom it may concern,I FEEL THAT XM RADIO HAS EVERY RIGHT TO AIR TRAFFIC AND WEATHER. I PAY FOR THE SERVICE SO I CAN HAVE UP TO TNE MINUTE INFORMATION. I LIVE IN THE NORTH GA MOUNTAINS AND THERE ARE SOME PLACES , ACTUALLY ALOT OF PLACES WHERE WE DO NOT GET ANY RADIO SIGNALS EXCEPT FOR XM. IT IS NICE TO KNOW THAT WEATHER IS THERE WHEN YOU NEED IT. GRANTED THERE IS NOT A REALLY CLOSE CITY TO US BUT YOU CAN GET ENOUGH TO KNOW WHATS GOING ON OR HEADED TOWARDS US. IF I PAY FOR THIS OPTION AND NO ONE IS BEING HARMED I SEE NOTHING WRONG . I AM A SMALL BUSINESS OWNER SO I KNOW HOW TECHNOLOGY CAN PUT SOME THINGS IN THE PAST IN A HURRY BUT IN AMERICA WE CALL THIS PROGRESS AND ALOT OF TIMES SOMEONE PAYS THE PRICE FOR IT.

SINCERLY,
